

## PRODUCT DATA SHEET

Car Park Safety

### Galvanized Corner Guards

- A Galvanized Steel corner guard.
- Ideal for protection of columns and building corners from vehicle scraping when navigating tight spaces.
- Easily fixed with glue and 6 fixing holes.
- Can come powder coated on request.

Codes	Dimensions
CNRGRD-YLW/12005050	1200 x 50 x 50 mm
CNRGRD-YLW/12007070	1200 x 70 x 70 mm

#### Installation Note

Place the Corner Guard against the column with the bottom on the ground. Drill 6 x 6mm Holes through the holes in the corner guard. Place 6mm plugs in the holes and fix screw into the hole with screwdriver. If you wish to install them higher up the column/wall, you can use a block of product the desired height off the ground to ensure consistency of overall height.

#### Applications:

Retail Centres, Airports, Apartments
