PRODUCT DATA SHEET

Wet Area Mat

Ultimate Kitchen Safe

The best in kitchen mats for traction and safety on all surfaces and outstanding grease resistance. Also performs very well in contact with oil and grease.

- High density, closed cell, 100% nitrile rubber mat which is grease and oil proof.
- Superior anti-fatigue relief for employee comfort and ergonomic benefits.
- Ideal for kitchens, food processing areas, machine shops, industrial showers and washrooms.
- Excellent anti-skid properties for slippery floor surfaces where other mats may move.
- Lightweight and easy to clean. Can be machine washed and tumble dried.
- Special drainage holes allow liquids to drain away from standing surface.
