

STERLING SUPPLIES

PRODUCT DATA SHEET

Medium Traffic

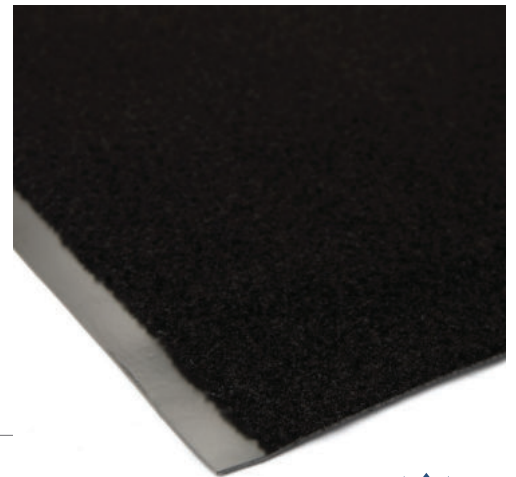

Décor Elite

Decor Elite is ideal for heavy traffic in entrance areas. Commercial buildings and medium to large size offices can benefit from the scraping and absorbing function of the Decor Elite on a daily basis.

The composition of this entrance matting is a resilient velour construction made of polyamide yarns. This offers enduring dirt-concealing capabilities and is hard-wearing, even for frequent use.

The surface beneath is protected against tracked-in moisture by the PVC backing. The Decor Elite continuously delivers, professionally and practically with excellent results, and keeps entrance zones and busy areas clean.

- Great moisture absorption
- Great for removing dirt
- Available with non-trip edging

Specifications

Code	512PP200C
Size	2.0m wide runner 2.0m x 20.0m roll Thickness: 9 mm
Slip Rating	P5
Flammability	CHF 4.9 , Smoke Value 205

Colours

BLACK

CHARCOAL

Applications

Educational Institutions, Industrial Applications, Office Areas, Shopping Centres

Installation note

Ensure the recess is clean and free of debris. Cut the mat to the size of the recess using a trimming knife, such as a Stanley knife (or similar). Use Sikabond 105 Contact Fix and spread evenly over both surfaces either by sprayer or trowel. Place the mat on top of the adhesive and use a vinyl roller (or similar) to apply even pressure over the surface of the mat. Ensure the mat is trimmed correctly to the area to prevent tripping hazards.
