Low Traffic

Durarib

The Durarib 500DR series of throw down matting features a reliable polypropylene composition. With a reinforced surface pattern, this mat will not fade or deteriorate over time. It has a moulded rubber edging that will ensure that the matting remains tear, curl and damage resistant.

Get yourself a long lasting, non-fitted entrance mat with the peace of mind you have a quality product, at a competitive price.

- Raised pattern that will not flatten over time.
- Polypropylene production: does not rot, stain or fade.
- Tear, curl and damage resistant moulded rubber edging.
